

WALKING TOURS OF MIRAFLORES

These tours all begin and end facing the church of the *Virgen Milagrosa*, located just to the right of *La Municipalidad de Miraflores* (City Hall) in *Parque Kennedy*.

Most walkers should be able to complete these walks in under 2 hours, not counting the stops they make.

Commercial Miraflores

With more than eight million inhabitants, Lima has several “downtowns”, but Miraflores is the most pleasant to wander through. Shoppers will find locally made footwear, clothing, jewelry, arts & crafts and antiques. It is normal and advisable to bargain for discounts at all of these stores; most Peruvians would do the same.

Refer to the legend below to locate different groupings of stores and services.

* Find the entrance to *Parque Sucke* at *Calle Alcañanes* 461.

Art and History Tour

This route takes you to nine small art galleries and one large one (9), a tiny museum and an archeological site. Some of the galleries are privately owned and sell their paintings, but most are sponsored by governments, schools and businesses. No entry fees are charged, but at the Huaca Pucallana archeological site, you will be expected to tip your guide 5 to 10 soles. Groups should tip slightly more.

Scenic Miraflores

This walk first takes you along the boulevard of busy Av. José Pardo to a turn-off which leads you to a walkway that hugs the coastline, overlooking parks, the beaches and the ocean.

If you get tired or run out of time, you can end this walk sooner by turning left when you reach the *Puente Villena* bridge. From there, it is a 10 minute walk back to where you began. To complete the route, cross the bridge and keep walking. With no stops, you should be back at the park in under one hour, but you might want to stop and visit the Larco Mar complex.

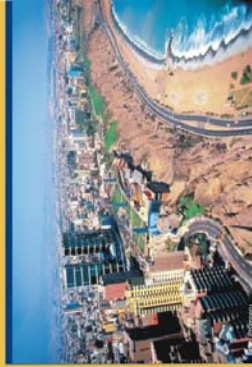

Safety Considerations

Miraflores is quite safe, but be street smart. Carry photocopies of documents, not the originals, be discreet with your camera, jewelry and cash and keep an eye on your bags when stopping at restaurants and cafes.
